

## Concerns about Prayer

1. Become a task that only certain people do
2. Disinterest would mean we stop prayer nights
3. Not just another thing to put on you calendar
4. Prayer requests - too much talking - not enough praying
5. People who are praying becoming prideful
6. Sensitivity to people with legitimate conflicts
7. That prayer is not accessible
8. Desire not to over program
9. Confidentiality & appropriateness of requests
10. Close the loop - report answers
11. Administrate prayer so that it loses its effectiveness
12. Too much information
13. Protection from enemies interruptions
14. Over spiritualizing prayer
15. That we would be afraid to cancel a prayer program
16. That we would limit what prayer really is - what it has to look like
17. Create an environment where people are not intimidated to pray
18. THAT WE WOULD NOT PRAY!
